Plumbing Advisory Board Worksession Minutes for October 24, 2012

Board Members Present: Russell (Rusty) Strine, Plumber Representative, Chairman
David Gatrell, Health Department Representative
Gary Armbruster, Citizen Representative

Absent: Michael (Mick) Late, Plumber Representative; Daniel Yeeles, Citizen Representative

Others Present: Larry Willard, Chief Plumbing Inspector
David Doyle, Chief Building Inspector
Bryon Mitchell, Office of Life Safety & Plan Review Manager
Shannon Walters, Secretary

Subject: Worksession for Hearing

- I. Introductions – Rusty Strine called the meeting to order at 2:00 p.m. There are no previous meeting minutes to approve at this meeting. The last meeting's minutes were approved via electronic approval.
- II. Board Hearing – Adam Frey, the owner of Frey's Brewing Company was present to address the board members to request the approval of using a composting toilet for the tasting room of the farm brewery. An existing 12x18 dairy building will house the brewery equipment. A separate building for the tasting room requires an ADA toilet. Mr. Frey wants to use a Sun-Mar, NSF approved type compost toilet instead of a standard septic system and traditional toilet. David Doyle was present to address the ADA compliancy of this type of toilet. Mr. Frey provided some information from Sun-Mar however the board members and Larry Willard would like more information before rendering a decision as to whether to grant Mr. Frey's request. Larry stated that he had put an e-mail request to Sun-Mar but did not get any response. Rusty stated that he will contact Sun-Mar and try to get more information concerning the ADA compliance. Gary Armbruster motioned to table the request to gather the information and meet again to make a decision. Rusty Strine seconded the motion. The vote was 3-0 to table until next meeting.
- III. Presentation of Combination Fire Sprinkler and Water Distribution Piping System – Uponor Representatives and Bryant Group Representatives were at the meeting to show a power point presentation of a combination fire sprinkler and water distribution piping system. Bryon Mitchell was present to see and hear about the system. No motions were made, this was just an informational presentation.
- IV. Adjournment – Rusty motioned to adjourn the meeting at 3:55. Gary seconded the motion to adjourn. The vote was 3-0.

Respectfully Submitted,

Shannon Walters
